

I was very encouraged to see that the "Green Public Buildings" initiative was one of the main strategies being pursued by the Power Authority. ABAG looks forward to working with the CPA on this and other initiatives that benefit local governments. I hope that the Power Authority will take full advantage of ABAG and other local government organizations in implementing these programs. Please keep me informed as these programs develop.

Thank you,  
Jerry Lahr  
Association of Bay Area Governments
